## FOUR KILLED WATCHING PARADE AT DALLAS

Awning Collapses Plunging  
Scores Into Street as 25,000  
Loyal Texans March for  
Preparedness.

TWENTY INJURED,  
SEVERAL FATALITY

Spectators Surge to Edge of  
Structure and Are Hurling  
to Street, Tons of Brick  
Falling on Them.

(By Review Leased Wire.)

DALLAS, Tex., May 30.—Four people were killed and a dozen injured late this afternoon when the wooden awning over the sidewalk of a building on Main Street collapsed. The persons killed and injured were part of a throng watching a preparedness parade. The bodies of four dead were taken from under the awning.

Albert Cannon, aged 46; Mrs. F. F. Allen, aged 70; A. F. Lott, aged 60; Mildred Butler, aged 12.

A score of others were injured, several of them probably fatally.

The crowd watching the parade had surged forward at the approach of a band. Persons standing on the awning, which was suspended by chains over the sidewalk, crowded near the edge and under the increased weight the structure crashed to the ground.

At least a ton of bricks and mortar was torn loose from the wall behind. The parade was considered one of the greatest popular demonstrations ever seen in the southwest. More than 25,000 persons were in line.

## 600 MEXICANS SEEN NEAR TEXAS

Strong Armed Band Is Reported  
on Rio Grande South  
of Marathon.

(By Review Leased Wire.)

MARATHON, Tex., May 30.—Reports that six hundred armed Mexicans are camped across the Rio Grande from Santa Elena, an isolated hamlet about 50 miles south of here, were brought here today by F. E. White, a resident of Marathon. White said that he did not know whether the Mexicans belonged to any faction or were wandering marauders, but he said that residents of Santa Elena, who seemed somewhat alarmed, told him camp fires had been perceptible on the Mexican side of the river for a week. Military officers here could not confirm White's report, it being made out that there is no American patrol stationed at that point. Company K, of the Texas national guard left here today aboard motor trucks for Terlingua, Tex., 90 miles south, where they will assist in the border patrol.

EL PASO, May 30.—No reports of any large bodies of Mexicans camped along Coahuila border had been received by military authorities here today.

## TATE RETURNS WITH GREAT MINE PROSPECT

Bisbee Man Has Property in  
Lincoln County, New Mex-  
ico. Will Ship Ore.

William Tate, who has been absent from Bisbee about two months, has returned from his copper prospect in Lincoln county, New Mexico, and is one of the most enthusiastic mine owners in the Southwest as a result of his investigations and investment.

The Bisbee man's property is located fifteen miles south of Oscura, New Mexico, which is some miles west of Tularosa on a branch line. Arrangements with the El Paso smelter have just been completed for the shipment of ore and this will be done in a very few days.

According to Tate the ore showings on the surface are very encouraging and promise to pay for the development work from the grass roots. Tate will spend several weeks in Bisbee before returning to his property in New Mexico. In the meantime four Bisbee men, all miners and prospectors, are working the property and preparing ore for shipment.

## GAVIRA LEAVES TO CONFER WITH PERSHING

EL PASO, May 30.—General Gabriel Gavira, commanding northern Chihuahua, will leave on a special train tomorrow morning for Casas Grandes, 120 miles south of the border, where he will confer with General J. J. Pershing regarding the disposition of forces in the coming campaign against the bandits. Nothing will be discussed outside of these military matters, according to General Gavira. His chief aim is seeking a conference, he says, is to prevent any accidental clashes between the forces when the constitutionalists move westward from the present lines towards those occupied by the punitive expedition. The general will be accompanied only by his staff and an escort of about sixty men.

## 5000 PERSONS PAY FINAL TRIBUTE TO "EMPIRE BUILDER"

Gray Haired Veterans  
Down at Bier of Late  
James J. Hill Where Body  
Lies in State.

(By Review Leased Wire.)

ST. PAUL, May 30.—More than 5,000 persons paid their final tribute at the bier of Jas. J. Hill, "Empire Builder" of the northwest, here today. J. M. Grubb, operating vice president of the Northwestern Railway, was the first to arrive at the Summit Avenue mansion where the body lay in state. Just behind him was Harry Keltner, a section hand. And so it went. Bankers, railway officials and men and women of all walks of life filed through the house.

Gray haired veterans, many of whom had seen the great Northwest spring up under Hill's touch, broke into tears as the silent line wended its way past the casket.

Tomorrow all St. Paul will pause for five minutes in its work-a-day operations to pay homage to the great man.

The signal for the general tribute will be the blowing of thousands of whistles.

## G. O. P. MERCHANTS COMBINE FOR T. R., ALSO BULL MOOSE

(By Review Leased Wire.)

CHICAGO, May 30.—Completion of an organization of business men in every state of the Union pledged to use their influence to induce delegates to the Republican national convention to vote for Theodore Roosevelt as the party's nominee, was announced today.

J. Ogden Armour is head of the Roosevelt business men's organization in Illinois. The organization of the entire country by states was begun in New York eight days ago and is purely a volunteer movement. It is understood the business men will render effective aid in Illinois, Indiana, Ohio, Iowa, Wisconsin and other states which have "favorite son" candidates for President, in influencing delegates to support Roosevelt as a second choice in the convention.

Managers of the Hughes, Roosevelt, Cummins, Fairbanks, Weeks and Root campaigns have turned their attention to the contests over delegates

ROONY AND TWO  
MECHANICS HURT.

Three Hundred Mile Sweep-  
stakes Won at 83.26 Miles  
An Hour; Slower Than  
Last Year's.

(By Review Leased Wire.)

INDIANAPOLIS, May 30.—Dario Resta easily won the sixth annual international sweepstakes on the Indianapolis motor speedway today, completing the 300 miles in three hours, thirty six minutes and 10.82 seconds. He finished two minutes ahead of Wilbur Alene, who was second in 3:38:04, and three minutes ahead of Ralph Mulford, who was third in 3:39:45.65. Resta's average speed was 83.26 miles an hour. Ralph de Palma completed 300 miles of last year's 500 mile grind at an average speed of 90.21 miles an hour.

Four men were injured, one seriously, when two of the racing cars overturned. Jack Lecain, driving as relief for Jules Devigne, is in a serious condition as a result of overturning on the north turn. Lecain was caught under the machine.

Skull Fractured.

It was announced at the hospital tonight that his skull is fractured in two places and the abdominal wall torn open and that he probably will die. He was a team mate of Carl Limburg, who was killed in the New York race recently.

The mechanic was slightly hurt. Tom McInnes's car blew a tire and smashed into the wall at the top of the south turn. The mechanic, Jim McAllister, was thrown over the wall and was bruised and cut. McInnes was caught in the wreckage which slid down the track. He suffered a broken leg and dislocated shoulder.

Resta Wins Easily.  
After the one hundred and third mile Resta had little competition for the pace and slowed up. Eddie Rickenschlager and John Aitken fought Resta for the lead as long as they were in the race, but engine trouble put both out. Rickenschlager in the tenth lap and Aitken in the sixty ninth. Rickenschlager later took the wheel of Pete Henderson's car and drove it over the tape in sixth place. The first ten drivers who share in the prize money finished in the following order.

Shares of Money.

Resta, D'Alene, Mulford, Josef Christians, Barney Oldfield, Eddie Rickenschlager, Gil Anderson (driving Howard Wilcox's car), O. F. Halbe, Arthur Johnson and Tom Alley. Resta won the \$12,000 first prize and the usual trophies; D'Alene's reward was \$6,000 and Mulford's \$2,000. The prizes then range down to \$800 for tenth place.

The speedway management announced that 83,000 people witnessed the race.

America Has No Tolerance for  
Citizens of Foreign Birth  
Who Oppose Purpose of  
Nation, Says Wilson.

THOUSANDS OF G. A. R.  
MEN HEAR PRESIDENT

Executive Defines Peace  
Speech and Declares for  
Voluntary Universal Train-  
ing.

(By Review Leased Wire.)

WASHINGTON, May 30.—President Wilson delivered a Memorial Day address here today, in which he defined the spirit of America, warned citizens of foreign birth not to set themselves against the purposes of the nation, called upon young men to perform voluntary military service, and defended his recent suggestion for an alliance of nations to preserve peace.

He spoke at Arlington National Cemetery before an audience made up largely of civil war veterans, who applauded him vigorously.

While he declared he had no malice in his heart for Americans of foreign birth and expected them still to be true to the forces of their origin, yet, the President said, America must come first in every purpose and every man must count upon being cast off of confidence, cast out of our tolerance who does not submit to this ruling principle.

Speaking of America made out of all the people of the world as the champions of the rights of mankind, he said:

"We are not only ready to cooperate, but we are ready to fight against any aggression, whether from within or without. But we must guard ourselves against any sort of aggression which would be unworthy of America. We are ready to fight for our rights when those rights are coincident with the rights of man and humanity."

The President reiterated his suggestion before the League to Enforce Peace last week that the United States was ready to become a partner in any alliance of the nations, which would guarantee public rights against aggression.

One Good Alliance  
"I shall never consent to an entangling alliance, but would gladly assent to a disentangling alliance, an alliance which would disentangle the peoples of the world from those combinations in which they seek their own separate and private interests, and unite the people of the world to preserve the peace of the world upon a basis of common right and justice."

For Universal Training

Universal training and preparedness were possible, President Wilson declared, only of the men of suitable strength and age will volunteer. He said the "acid test" was about to be applied to business men to see whether they would allow their employees to volunteer. He said the army reorganization bill now before him bristled with that interrogation point, which he warned all the business men of the country was starting them in the face. He said he was for voluntary universal training.

## 12,000 DE FACTOS TO PURSUE YAQUIS

Will Be Stationed in Southern  
Sonora Towns; Cavalry  
Gets Active

(By Review Leased Wire.)

DOUGLAS, May 30.—The second phase of the campaign against the Yaqui Indians in Sonora is rapidly developing according to the statement today of Ives G. Leveley, defacto Mexican consul here. Twelve thousand footmen under General Francisco Martinez are taking their stations in the towns of the state north of the Bacanete Mountains and south of Ures to campaign in the Ures, Hermosilla and Sonora districts against the remaining bands of hostile Indians.

Eighteen hundred cavalrymen under successive command of Colonel Miguel S. Serrano, but divided into five columns are in the field to engage the Indians without ceasing.

The consul said that his statement yesterday had been misinterpreted as when he spoke of the troops coming northward he did not mean that they would be placed near the border but that they would campaign north on the Yaqui River valley. The border will not be menaced by their near approach, he said, as under the present campaign plans of General P. Elias Galles, commander in chief, and General Rafael Estrada, field commander they will not come nearer than one hundred miles from the international line.

COLONEL PAYS NO  
ATTENTION TO IT

Speaking to Blue and Gray,  
T. R. Flays Pacificists As  
Spineless Creatures; Urges  
Universal Training.

(By Review Leased Wire.)

KANSAS CITY, May 30.—Colonel Theodore Roosevelt in several speeches here today declared that there was war peril in pacifism and urged universal service and preparedness to meet any danger.

"It has been said," he declared, "that the west is not interested because it would not suffer from war. I think that is a lie. I would shrink as from a plague from an American who would say that he does not care what happens to another American. Loyal words are poor companions if they cannot be translated into deeds."

Colonel Roosevelt's principal speech was at Convention Hall which was filled with a cheering crowd, each person waving a small flag as a greeting to the visitor. A portion of the hall had been reserved for the men of the Blue and the men of the Gray, and it was principally to them that Colonel Roosevelt directed his reference. The Colonel devoted from his set speech to say a facetious word about Mexico.

Raps Mexican Policy.

"We are told, said he, 'that we enjoy peace with Mexico. Eighteen years ago we had a war with Spain. The number of Americans killed in Mexico during this peace with Mexico surpassed the number of Americans killed by Spain in the war with Spain and when the war with Spain was through it was through, but this peace continues to race with unabated violence along the Mexican border."

U. S. Defenseless

Coming to the question of a possible invasion of our shores by a foreign force, he declared that if an army half the size of that which attacked the Dardanelles should invade the country, America would be at its mercy.

"If such an invasion took place," he said, "against it we would pit an army of ill-trained men—an army of about one-third the size of the invading army, untrained, badly armed, and without the necessary artillery, and we would send the young soldiers of America to butcher to make good for the fact that we have not prepared in advance."

Knife Thrown

Just before the Convention Hall address Col. Roosevelt rode the Memorial Day parade during which an open pocket knife was thrown at his car. The knife struck the car of Jno. W. McGrath, the former president's secretary. McGrath admitted tonight. He said there was no force behind the knife and he believed some one had tossed it toward the car as a joke. Col. Roosevelt was told of the incident tonight and afterward his secretary.

## HOUSE ADDS 30 TO BIGGER U. S. NAVY BILL

(By Review Leased Wire.)

WASHINGTON, May 30.—Determined Republican efforts to enlarge the building program of the naval appropriation bill as reported from the naval committee resulted today in the adoption by the House sitting as a committee of the whole of an amendment increasing the number of submarines from twenty to fifty. Proposals to provide for six battle cruisers instead of five and to all two dreadnaughts and two scout cruisers to the program were defeated after a lively fight.

In order to finish consideration of the bill by the time fixed for Friday afternoon the House had a three hour session today instead of recessing on account of Memorial Day.

So decisive were the votes against the amendment for battle cruisers and scouts that big navy adherents virtually have agreed to abandon the fight for them. They still hope to get the two battleships. Another attempt will be made when the House returns to regular form on Friday. The battleship proposal was lost by the narrow margin of sixteen votes. Fourteen Democrats voted for the amendment and eight Republicans opposed it.

The vote on increasing the submarines was 114 to 104, seventeen Democrats voting for it and no Republicans opposing. The additional undersea boats would be of the coast defense type, seventeen of which already were provided by the bill. Many men here who have been urging that it would be better to expend money on submarines than on battleships, rallied to the support of the amendment after voting against the battleship proposal. A vote of 109 to 83 defeated the proposal to construct six battle cruisers instead of five and viva voce vote against the proposal to increase the number of scout cruisers from four to six was so overwhelming that a roll call was not sought.

Secretary Daniels was alternately on the floor of the House and in the galleries throughout the session.

Survivors of the battleship Maine which was blown up in Havana harbor held memorial exercises at the Maine Monument in Columbus Circle.

## 5,000 TROOP MEMORIAL VNOZIBY XIMOH AMMIRAL (PHOTO)

DOUGLAS, May 30.—Approximately five thousand soldiers and civilians attended memorial services held this morning at Camp Harry J. Jones. Music was furnished by a massed band of one hundred pieces, as well as several vocalists.

G. A. R. men, ex-Confederates and Spanish-American War veterans occupied the platform. Major J. C. Stull, chaplain of the Eleventh Infantry, was the orator of the day. The roll call of soldiers who have passed away in Douglas since the regulars have been stationed here was an impressive part of the ceremony.

An even larger crowd attended a field meet held by the soldiers this afternoon. It was won by the Twenty Second Infantry, the Eleventh Infantry being second and the Eighteenth Infantry third.

BALTIMORE, May 30.—President Wilson came here tonight to attend a theatrical performance of the Friers Club of New York and for three hours he and a group of some of the leading stars of the country were applauded by a crowd which taxed the capacity of Nixon's Academy of Music.

The President's appearance was the signal for enthusiastic applause which was continued as the actors made jokes at his expense. Songs praised Mr. Wilson were warmly applauded.

He later went behind the scenes where he made a short speech to the assembled actors and shook hands with those present.

## TROOPER LOST IN MEXICO RETURNS

Corporal Peters, Colored,  
Wanders 80 Miles After  
Escaping Captors.

(By Review Leased Wire.)

EL PASO, May 30.—The story of Corporal J. Peters, a trooper of the Tenth Cavalry, colored, to the effect that he had wandered away from his command at Naniquipa ten days ago, and had been taken prisoner by the Ceranza soldiers, received confirmation tonight following an investigation by General Bell.

The negro, scantily clad, was held up by the immigration authorities this morning as he was crossing the international bridge. He told a story of going to sleep on a river bank and being bound and taken prisoner by the Mexican soldiers, from whom he escaped two days ago. He said he had made his way about to Juarez from Villa Ahumada, 83 miles south.

Peters is supported by his commanding officer as to the date of his disappearance from his troop. He also stood up well under examination by his superiors.

## PLOTTERS ARRESTED

AMOY, May 30.—Thirty Japanese from Formosa were arrested by Chinese and Japanese after serious rioting in which two rioters and others were wounded. Amoy has been a center of riot for some time. On May 1 a quantity of bombs were discovered on an island here and destroyed by a Chinese official.

## VETERANS OF CIVIL WAR PARADE IN N. Y.

700 March Before Governor  
Whitman In Memorial  
Day Parade.

(By Review Leased Wire.)

NEW YORK, May 30.—Seven hundred veterans of the Civil War, proudly carrying their tattered battle flags marched in review before Governor Whitman here today. Their appearance before the reviewing stand at the Soldiers and Sailors Monument was the crowning feature of the official observance of Memorial Day.

Marching with the veterans as a tribute of respect to the living and to the dead were detachments from the United States coast artillery, sailors and marines from the New York navy yard, national guardsmen, veterans of the Spanish American war, Boy Scouts, Camp Fire Girls and representatives of the other organizations. It was estimated there were fifteen thousand marchers in line.

Memorial exercises at Grant's Tomb followed the parade. The battleship Michigan, at anchor in the Hudson, fired a memorial salute before the services began. Senator Lawrence V. Sherman of Illinois was the orator of the day.

Survivors of the battleship Maine which was blown up in Havana harbor held memorial exercises at the Maine Monument in Columbus Circle.

## FRENCH SET BACK OVER TWO MILE FRONT

Powerful Thrust of Germans

TEUTONS CAPTURE  
1350 PRISONERS

Trenches on Ridge From Le  
Mort Homme to Cumieres  
In German Hands; Austri-  
ans Also Winning.

(By Review Leased Wire.)

LONDON, May 30.—French positions on a front of approximately two miles extending from the southern ridge of Le Mort Homme to the Cumieres village northwest of Verdun, have been captured by the Germans, according to the latest official communication from Berlin. In addition the Teutons again have pressed forward on the Thiamont wood, northeast of Verdun, and added to their gains in the eastern part of it.

Their gains, made during the violent fighting of Monday, have been in part admitted by Paris, which has reported the loss of 300 meters of advanced trenches northwest of Cumieres and retirement from similar positions to the south of the road between Bethincourt and Cumieres. Berlin says the Germans capture 1350 prisoners including several staff officers.

Around Le Mort Homme and Cumieres a violent fight is still in progress but there has been a diminution of intensity of the fire of the big guns northeast of Verdun. Since the fighting of Monday there apparently have been no infantry attacks on either side of the Meuse.

Italians on Defensive

The Austrians have begun another attack against the Italians in the Bosnia region of Italy, southwest of Posen, and farther north along the Upper reaches of the Astico river, on the Austro-Italian border. South of Posen, the Austrians prepared for their offensive with a bombardment, but, according to Rome, the Italians, after a desperate struggle against the Austrian infantry, retained their position. In the Lagarina valley, in Pustissee sector and in the Suezana valley at Osedate the Austrians are heavily bombarding the Italian positions.

Russians Routed

On the Russian front the Germans assayed an offensive northeast of Augustahof, but were driven back to their trenches by the Russians. The Austrians in Galicia met with a momentary success near Gliadki, driving the Russians from a position and capturing it. The Russians, however, state a counter attack recaptured the position. Near Bouchegass the Austrians attempted an offensive, but it was put down by the Russian fire.

On their front in Asiatic Turkey the Russians report the situation unchanged. Constantinople says near Felshe near the Kut-el-Amara region, the Turks captured two British trenches. The Germans are with the Bulgarians in the advance into Greek Macedonia.
